

GREEN LIMITED

SUPPLIER CODE OF CONDUCT & HANDBOOK

Partner with GREEN. Build What Matters.

1. OUR PROCUREMENT ETHOS

We do not buy parts. We procure proof. At GREEN, every vendor is expected to perform under field pressure, not policy pressure. We partner with leaders committed to quality, transparency, and sustainable energy infrastructure.

2. INTEGRITY & COMPLIANCE

- Zero tolerance for bribery, corruption, or falsified documentation.
- Complete compliance with ISO, IEC, and PNG national regulatory standards.
- Full transparency across supply chains and financial reporting.

3. WORKFORCE ETHICS & HUMAN RIGHTS

- Zero tolerance for forced labor, modern slavery, or child exploitation.
- Fair living wages, safe working environments, and continuous training.
- Non-discrimination and equal opportunity across all operations.

4. ENVIRONMENTAL MANAGEMENT & SUSTAINABILITY

- Compliance with environmental management systems (ISO 14001 or equivalent).
- Prioritization of RoHS-compliant, recyclable, and low-carbon components.
- Responsible waste disposal, energy efficiency, and resource stewardship.

5. TECHNICAL STANDARDS & QUALITY ASSURANCE

- Lifecycle diagnostic support, open data interfaces, and extended warranties.
- Factory-tested reliability under high-humidity, tropical, and remote conditions.
- Immediate incident notification and transparent corrective action protocols.
